# Demonstration Ultrasound Center

FICTIONAL SAMPLE - NOT FOR CLINICAL USE

ULTRASOUND REPORT

## Abdominal ultrasound

| | | | |
|---|---|---|---|
| PATIENT NAME | **Demo patient (fictional)** | EXAMINATION | **Abdominal ultrasound** |
| PATIENT ID (MRN) | **SAMPLE-001** | EXAM DATE | **03 Oct 2026, 00:00** |
| DATE OF BIRTH | — | EXAM NO. | **#DEMO** |
| SEX | **Female** | RADIOLOGIST | **Demonstration only** |
| REFERRED BY | — | REPORTED ON | **03 Oct 2026, 00:00** |

## FINDINGS

Normal · Findings · Not assessed / visualized

| | |
|---|---|
| **Liver** | Normal in size and echotexture. No focal lesion. |
| **Portal vein** | Normal calibre. |
| **Gallbladder** | **Gallbladder contains a mobile calculus measuring 12 mm. No gallbladder wall thickening or pericholecystic fluid.** |
| **Intrahepatic biliary tree / CBD** | No intrahepatic or extrahepatic biliary dilatation. |
| **Pancreas** | Visualized portions are unremarkable. |
| **Spleen** | Normal in size and echotexture. |
| **Right kidney** | Normal size and echogenicity. No calculus or hydronephrosis. |
| **Left kidney** | Normal size and echogenicity. No calculus or hydronephrosis. |
| **Abdominal aorta / IVC** | Normal calibre where visualized. No aneurysmal dilatation. |
| **Urinary bladder** | Unremarkable where visualized. |
| **Uterus / ovaries** | Normal in size and echotexture. |
| **Bowel / GI tract** | Unremarkable where visualized. No wall thickening or abnormal distension. |
| **Ascites / free fluid** | No free intraperitoneal fluid. |

## MEASUREMENTS

| SECTION | PARAMETER | VALUE | REFERENCE |
|---|---|---|---|
| **Gallbladder** | **Dictated measurement** | **12 mm** | |

## IMPRESSION

**Cholelithiasis.**

REPORTED BY

**Demonstration only — Radiologist**
